Date: \_\_\_\_\_

I, \_\_\_\_\_, hereby make application to The Gladeville Utility District of Wilson County, Tennessee, for water service  
(Commercial; \_\_\_\_\_ Rent: \_\_\_\_\_ Own: \_\_\_\_\_)

In consideration of the undertaking on the part of the District to furnish me water, I understand and agree as follows:

1. I will cause the referenced property, which is owned or occupied by me, to be connected with the water works system of the District. Any connection to my property shall be in accordance with the Rules and Regulations or requirements of the District. I grant the District permission to enter upon my property for any reason connected with the provision or removal of service or collection therefore.
2. Should the District determine to lay its lines on private property, I hereby grant an easement to do so on my property and agree to execute any documents necessary thereto.
3. I will begin using water immediately after installation of the meter, and my monthly bills will begin to accrue from and after such date.
4. I agree to abide by the District's Rules and Regulations as established, or as amended, including the Cross Connection Policy and any requirement by the District that I install an approved Backflow Preventer. I further agree to comply with the requirements of the Tennessee Department of Environment & Conservation stipulating that any other source of water used by the Applicant will never be connected to the District's lines. I understand and agree that backflow preventers are required by TDEC on all commercial services and irrigation / sprinkler systems, and that I will be responsible for the annual testing of such devices.
5. I agree to promptly pay for service at the current schedule of rates, which I understand may be adjusted from time to time, and I understand and will abide by the District's billing and cutoff procedures and any cut-off or other agreement the District enters with another utility provider. Should I not pay in accordance with the District's Rules, I agree to pay all costs of collection, including attorney fees. Bills are due by the 10<sup>th</sup> of each month, and a penalty will be applied after the 10<sup>th</sup> of each month. Cut-offs for nonpayment may occur at any time after the 21<sup>st</sup> of each month, without notice to the customer.
6. I understand and agree to a tap fee or connection charge of N/A, a meter charge of N/A and a non-refundable service charge of \$150.00, a total of \$150.00. I agree to pay any other applicable fees at current rates.
7. In the event this subscription contract is entered into in connection with a proposed extension to the water works system, and in case the District, for any reason, does not complete such extension or is unable to or does not provide me with the water service anticipated by this subscription, then the full amount of my payment (from item 6) shall be refunded to me, as my sole remedy.
8. I understand that any bond issue and any loan obtained to finance the water works system or any extension thereto will not be a lien against my property.
9. I understand that the District does not warrant or guarantee that at all times I will receive adequate water or adequate pressure and I agree that the District shall not be liable for loss or damage resulting there from. The District does recommend that all customers living in high pressure areas consider the installation of a pressure regulating device.
10. Where applicable, I agree to mark the area for new service with a flag and agree not to complete my water line until the actual water tap is installed. I understand that the actual location where a new tap is installed may be different than the location that I have marked, due to field or site conditions, and I further agree that the District will not be held liable for such changes in service location.
